DEATHS.

CAMPBELL.—Mr. James B. Campbell, a young man reared near Roaring Springs, Trigg county, and educated in this city, died at his home in Fresno, Cal., March 30. The informant took place at the same place April 1, the funeral services being conducted by Rev. Mr. Martin of the Christian church.
Mr. Campbell is well remembered in this city, where he attended school in the last half of the seventies. He was about 32 years of age and was a son of Mr. T. G. Campbell, of Roaring Springs. He went west about ten years ago and studied law with his uncle, Judge James Campbell, of Fresno. He was for some years city editor of the Fresno Daily Examiner but gave up this position some months ago on account of ill health.
Mr. Campbell was a young man of the noblest impulses and the happiest of dispositions. He looked upon the bright side of life and his lovable manner made him a general favorite at school, in the social circle and in the busy walks of life. He had a bright mind and his intellectual strength manifested itself early in life and he entered upon his chosen profession with high hopes of success. He was a fluent speaker and an orator of no mean ability, but the law was distasteful to him and he drifted into journalism, a profession more congenial, but more laborious and exacting in his duties. Never strong in body, his constitution gave way and his career has been ended on the threshold of a promising manhood.
His friends in this section will learn with deep regret of his untimely end. A bright, a noble-hearted and lovable young man has fallen. Mr. Campbell leaves a wife but no children.
PARDEE.—Dr. G. M. Pardee, of Clarksville, died Tuesday night of consumption, aged 70 years. He was wealthy and leaves a wife, but no children.
COLORED.
Ben Bowling died near Sinking Fork, of consumption, aged 20 years.
Robt. Brown, son of Judge M. D. Brown, returned yesterday from Boston where he has been for the past year in the New England Conservatory of Music in the Piano tuning department. Robt. will engage in piano tuning during the spring and summer. Orders left at city court room will receive prompt attention from parties wishing their pianos tuned.
An Easter Opening.
Mrs. Ada C. Layne has fixed the date of her Easter Opening for Friday and Saturday, April 15 and 16. At this grand opening will be displayed an elegant and handsome line of millinery goods in all the latest and most fashionable styles. All the ladies are invited to be present on the days mentioned and feast their eyes on the gorgeous display.

GATHER & WALLACE, Druggists.
A meeting of much importance to South Kentucky College was held in this city some days ago. It was attended by a number of the leading men of the Christian church who are interested in the success of the school. The outcome of the meeting was that it was determined to raise the debt of the College and enough more money to put it on a solid and prosperous footing. A good part of the amount required was subscribed then and there.
The Council made another attempt to do something about water-works Wednesday night. There was the usual speech-making followed by the usual heavy rain and an adjournment without any decisive action being taken. Speaking of the agitation of this subject here, the Henderson *Gleaner* says:—"Hopkinsville is amply able to own her own water works and lighting system, and should economize in other quarters with that end in view. She should profit by Henderson's experience. Keep a close eye on private corporations and be careful to make no mistake. In a city of Hopkinsville's importance it will be a matter of few years when both enterprises would become not only self sustaining, but be able to create a sinking fund to retire the bonds. Any other course will be as surely regretted as that it is entered into."
